„Oh! What is this?“. She cried as she had never seen it before. She pleaded with the woman, „Please do let me try this as well“. But the minute she touched the needle of the spindle, she fell to the ground. The witch's spell comes true.

With a heavy heart, the king ordered her to be taken to the grand room, where she would lie for many years. The whole kingdom was sad for sleeping beauty. The youngest fairy watched all of this and she said with a wave of her hand, „Let the whole kingdom fall asleep with the princess so when is woken by her prince, she will not be alone“. The moment she said all this, all the people and animals in the kingdom fell asleep where they were. Everything stopped.

As the years passed by, a thick forest grew around the palace and the kingdom was hidden. Exactly, hundred years later, a handsome prince was passing through the forest and he discovered the strange kingdom.
